PROFESSIONAL SUMMARY

- Seeking a challenging position in a reputed organization like Plintron where I can learn new skills, expand my knowledge, and leverage my learning.

TECHNICAL SKILLS

- **Core Java:** Strong understanding of object-oriented programming concepts including encapsulation, inheritance, and polymorphism.
- **C:** Skilled in procedural programming, memory management, pointers, and building efficient console-based applications.
- **Python:** Familiar with basic syntax, data types, control structures, and writing simple scripts for problem-solving.
- **Excel :** Advanced function (VLOOKUP, INDEX-MATCH, Pivot Tables)

PROJECTS

Title : Railway Reservation For Blind

Description : A Railway Reservation System for blind users should prioritize accessibility through Braille keyboard, screen reader compatibility, and tactile feedback options. It should offer clear audio instructions, tactile markers for important buttons, and a simple and intuitive interface.

Skills : Python,pyttsx3

Title: ATM Transaction

Description: Developed a simple Java-based console application that simulates ATM transactions including balance inquiry, withdrawal, and deposit operations. The program maintains account balance and handles user interactions with appropriate messages for insufficient funds or successful transactions

Skills: Java

Title : Sales Data Analysis and Dashboard

Description : An Excel-based sales dashboard analyzing performance across products, regions, and salespersons using pivot tables, charts, and key metrics. It provides insights for data-driven decision-making.

Skills : Excel, Data Visualization.

CERTIFICATION

- Obtained Elite + Silver certification upon successfully completing the "**Internet of Things**" program offered by NPTEL.
- Earned Elite + Silver certification upon successfully completing the "**Cloud Computing**" program offered by NPTEL.
- Successfully completed a comprehensive skill development course on "**Java Programming**" offered by Terv, Chennai.

INTERNSHIP

- Completed a 30-day internship at ItKrish Technologies, Tiruchengode, where I learned and worked with "**Python**" by developing and testing code.
- Engaged in 15-day internship focused on "**Java Program Development**" at Towards Technology, Ariyalur, where I developed a strong understanding of key programming fundamentals.

AWARDS & RECOGNITION

- Winner of Project Contest for developing an accessible Railway Reservation System for blind users.

PERSONAL INFORMATION

Languages Known: Tamil, English

Date of Birth : 03-04-2004

EDUCATION

Course	Name of the Institution	Board of Study	Percentage	Year of Passing
B.Tech [IT]	Muthayammal Engineering College(Autonomous), Rasipuram	Anna University	79%	2025
HSC	Mother's Matric Higher Secondary School, Bhavani.	State Board	86.5%	2021
SSLC	Mother's Matric Higher Secondary School, Bhavani.	State Board	79.4%	2019

DECLARATION

I hereby declare that the above mentioned statements are true to the best of my knowledge
